

# EUROCITIES 2016

## MILAN—SHARING CITIES

### 16—17—18 NOVEMBER

## SPEEDNETWORKING 18 NOVEMBER BRIEFING NOTE

The speednetworking sessions will take place at Palazzo Reale (Sala Cariatidi), Piazza Duomo 4, from 9.00 to 11.00, Friday 18 November.

Participants will find a poster at the entrance of the room with the schedule of the sessions and the table numbers: they can check the title and description of the projects and take a seat at the table of their choice.

The session will be divided in three rounds.

In the **first round**, which starts at 9.00, the first 9 cities will present their project:

City	Title of session	Short description
Amsterdam	Opening up the democratic process - OpenBorough	Learn how Amsterdam is mobilising citizens and enabling participation through a series of pilot projects in order to scale up its open government approach.
Berlin	Meeting the digital skills demand - Berlin's VET centre	Discover how Berlin is addressing the growing need for digital skills. The session will present Berlin's VET centre which supports digital skills development in a number of sectors.
EUROCITIES	Culture for cities and regions	Hear about how the Culture for Cities and Regions project is showcasing successful investments in culture, and discover the main findings of the project nearly two years on.
EUROCITIES	OPTICITIES - creating a lasting legacy for urban ITS	Discover how OPTICITIES partners have been developing and testing innovative intelligent transport solutions over the past three years.

<b>Helsinki</b>	Climate Street – from smart technology to local action	How can we make historic city districts energy efficient and climate smart? Helsinki wants to hear how other cities are engaging and motivating residents and homeowners to make climate smart investments.
<b>Milan</b>	Crowdfunding the Milanese way	Meet beneficiaries of Milan's civic crowdfunding initiative and discover new ways to fund activities of public interest by pooling public and private resources.
<b>Monza</b>	Noise low emissions zones	Discuss how to implement and manage a successful noise low emission zone, exploring the benefits and opportunities especially for noise reduction as well as air quality and well-being.
<b>Rotterdam</b>	Better tyres save money, lives and emissions	Better car tyres can save money, lives and carbon emissions. Discover the benefits in cities of choosing better tyres and learn about Rotterdam's Declaration on Best Tyres.
<b>Zaragoza</b>	La Colaboradora, the first P2P coworking fuelled by shared talent.	Discuss success factors, challenges and lessons learned relating to Zaragoza's La Colaboradora co-working space, which runs on a time bank system where users share and exchange talents and skills.

In the **second round**, which starts at 9.40, the following 9 cities will present their project:

<b>City</b>	<b>Title of session</b>	<b>Short description</b>
<b>Bilbao</b>	Maximising local involvement in EU projects	How can cities make the most of EU projects? Learn about Bilbao's dedicated unit to promote the involvement of different city departments in EU-funded projects.
<b>EUROCITIES</b>	Supporting uptake and optimisation of sustainable urban mobility plans	We will introduce several projects to support the uptake and optimisation of sustainable urban mobility plans. Find out how your city can benefit and get involved.
<b>Netwerkstad Twente</b>	ICT tools for active and shared mobility in cities	Learn about the ICT tools being used within the EMPOWER project to promote sharing and active travel in cities. What are the possibilities for using innovative tools in your city?

<b>Oulu</b>	Culture Guarantee for the Children	Oulu will share its experience of promoting cultural activities for children and their families through its information service, and is looking for good ideas from other cities.
<b>Leeds</b>	Migrant Access Project (MAP): a MAP that every city needs	Learn from the Leeds MAP initiative how your city can identify and maximise community strengths to address local challenges. MAP enables local residents to support the integration of migrant communities.
<b>Milan</b>	Cohub - Europe's first collaborative economy house	Learn about Cohub, Europe's first collaborative economy 'house', and discuss how cities can promote the sharing economy through a collaborative approach.
<b>Munich</b>	Green infrastructure in peri-urban areas	An opportunity to exchange on the potential of green infrastructure in (Alpine) peri-urban areas - how can this be maximised through collaboration, planning and good governance? Munich is working with nine partners on an EU-funded project and in collaboration with EUSALP action group 7 on this theme.
<b>Nice</b>	Fostering healthcare innovation	Find out how Nice is addressing the growing need to provide senior citizens with quality care at home by opening a centre dedicated to innovation in digital health.
<b>Vienna</b>	Urban agenda partnership on housing	Access to affordable housing is a priority in cities. How can the new urban partnership deliver and support better housing policies together with cities?

In the **third round**, which starts at 10.20, the last 8 cities will present their project:

<b>City</b>	<b>Title of session</b>	<b>Short description</b>
<b>EUROCITIES</b>	Urban agenda - partnerships as a delivery tool	Get up to date on the urban agenda, and learn about partnerships, the key delivery mechanisms of the agenda. Four are already running with a further four to be set up in early 2017.
<b>Guimaraes</b>	Establishing and communicating a strong sustainable city vision	Participate in an interactive discussion on how to establish and communicate a strong sustainable development vision for your city.

<b>Lille</b>	European Metropolis of Lille's digital strategy	New urban services, an urban platform and new tools are part of the European Metropolis of Lille's digital strategy. Discover how it was developed with citizens, the private and public sectors.
<b>Lisbon</b>	NPISA planning and intervention for the homeless - a partnership approach	Understand how Lisbon has brought together 23 public and private partners to deliver an effective and holistic approach to addressing homelessness in the city.
<b>Milan</b>	Open homes - temporary accommodation for caregivers and patients	Find out how Milan has teamed up with Airbnb and a local cooperative to offer free temporary accommodation for families coming to Milan to be close to ill relatives.
<b>Milan</b>	Participatory budget	Understand the process behind Milan's participatory budget - how it develops, selects and monitors projects, and share your experiences.
<b>Pendik</b>	Digital Revolution in Pendik	Discover how Pendik municipality is going digital; learn about the processes used for the city's digital transition and share your experiences.
<b>Utrecht</b>	Smart solar charging for electric vehicles	How is Utrecht's smart solar charging system promoting healthy urban living? Learn about this innovative project which aims to reach 1,000 shared solar-powered cars.
